Did the student demonstrate a sense of responsibility? *	The students reached out to me as a group and I felt like Liz was the strongest voice in the group. They did show up as planned and if a conflict came up they communicated to me any absences. I felt there could have been more preparation put into the lesson plans.
Was attendance regular or were you called if a scheduled period was cancelled? *	Yes attendance was fine
How many hours was the student in your classroom during music instruction? *	4 hours

Comments: *	<p>Jadynn has potential but seemed very tentative in front of the students.</p> <p>I understand that Jadynn would prefer to teach instrumental music, but regardless of the classroom she will need to be more confident and authoritative in her teaching methods. She knows her theory fairly well but needs more time playing scales on the piano to help facilitate warm ups.</p>
